Subpart FSTD – Specific Requirements Related to the Qualification of Flight Simulation Training Devices (FSTDs)

AMC1 ARA.FSTD.100(a)(1) Initial evaluation procedure

Assessment Process Leading to the Issue of a FSTD Qualification

- (a) FSTDs require evaluation leading to qualification. The required process should be accomplished in two distinct steps. First, a check should be made to determine whether or not the FSTD complies with the applicable requirements. When making this check, the Kuwait DGCA should ensure that accountability for the issue of a FSTD qualification is clearly defined. In all cases an individual department manager of the Kuwait DGCA should be appointed under whose personal responsibility the issue of a FSTD qualification is to be considered. The second step should be the grant (or refusal) of a FSTD qualification.
- (b) When checking compliance with the applicable requirements, the Kuwait DGCA should ensure that the following steps are taken:
- ~~(4)~~ Once a FSTD is contracted to be built, the organisation that is to operate the FSTD should ensure that the regulatory standard upon which the FSTD will eventually be qualified against is acceptable to the Kuwait DGCA. ~~This should be the current applicable version of CS-FSTD(A) or CS-FSTD(H) at the time of application.~~
 - ~~(2)~~(1) A written application for an FSTD qualification should be submitted, in a format according to ORA.FSTD.200, at least 3 months before the date of intended operation. However, the qualification test guide (QTG) may be submitted later, but not less than 30 days before the date of intended evaluation. The application form should be printed in English and any other language(s) of the Kuwait DGCA's choosing.
 - ~~(3)~~(2) An individual should be nominated by the department manager of the Kuwait DGCA to oversee, and become the focal point for, all aspects of the FSTD qualification process, and to coordinate all necessary activity. The nominated person should be responsible to the department manager for confirming that all appropriate evaluations/inspections are made.
 - ~~(4)~~(3) The ability of the applicant to secure, in compliance with the applicable requirements and certification specifications, the safe and reliable operation and proper maintenance of the FSTD should be assessed.
 - ~~(5)~~(4) The applicant's proposed compliance monitoring system should be scrutinised with particular regard to the allocated resources. Care should be taken to verify that the system is comprehensive and likely to be effective.
 - ~~(6)~~(5) The Kuwait DGCA should inform the applicant of its final decision concerning the qualification within 14 days of completion of the evaluation process irrespective of any temporary qualification issued.
 - ~~(7)~~(6) On completion of the evaluation process, the application, together with a written recommendation and evidence of the result of all evaluations or assessments, should be presented to the nominated person responsible for FSTD qualification. The presentation should be made by the person with overall responsibility, nominated in accordance with (b)(3).
